WOOD PECKER TREE/POLE BRACKET

Rig your fixtures, sound equipment and decorations on trees and pillars with our Woodpecker bracket.

Designed for temporary outdoor installations, it can be mounted quickly with the included ratchet straps and supports up to 20 kg Max load. Available in silver and black.

KEY FEATURES

Simple assembly

Easily install and use the Woodpecker anywhere with the provided ratchet straps.

Versatility

The Woodpecker fits a wide range of supporting structures. It can be used on its own or turned into an outrigger by adding a tube like the Admiral Low hanger tube.

Strong grip

The Woodpecker's grip fingers ensure a secure attachment on any surface.
